Project Primary Contact	Eileen Rowan (Eileen.Rowan@swc.idaho.gov)
Project Stage	Completed
Duration	2015 - 2016

Studies, Plans, Monitoring & Assessment ➤ Assessment

To coordinate regional response of local, state, and federal governments to identify and prioritize restoration of private and municipal lands damaged by 2015 wildfires. Mitigating damages from 9 wildfires, over 226,790 acres, across 5 counties. Land ownership includes: 26% private land, 63% federal, 4% tribal, and 3% state lands.

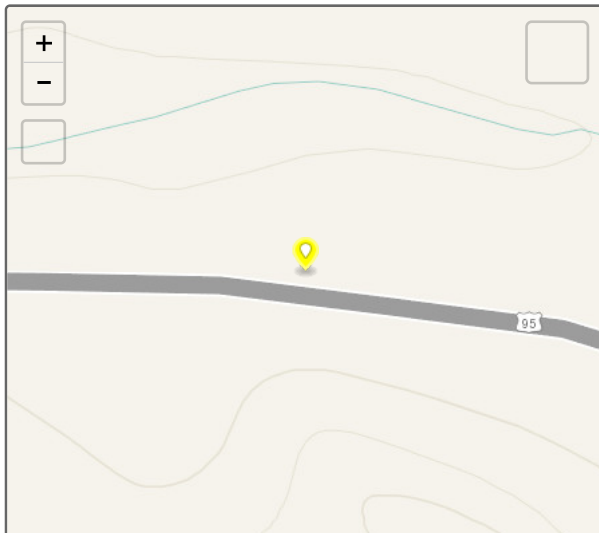

Key Accomplishments

- Road Treated for Pollutant Reduction: **3.00 miles**
- Training, Education, and Outreach Events Held: **6**

Project Themes

- Education and Outreach
- Forests
- Habitat and Species
- Healthy Watersheds
- Soils
- Water

Location

Clearwater Complex Fire

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
